Dear Mr. Metz:

Thank you for your card opposing the City of London's application for federal funding towards its bid to host the 1991 Pan/American Games.

The federal government has placed a moratorium on financial support for major multi-sport events in Canada requiring funding prior to the 1990-91 fiscal year. While this moratorium does not affect our commitments to the 1988 Calgary Winter Olympic Games or the Canada Games, federal funding towards London's bid to host the 1991 Pan/American Games is not available.

Your interest in this matter is appreciated.

Yours sincerely,

Otto Jelinek
