

TAXATION and YOU

Here's an interesting question: When was the last time a politician promised you lower taxes?

Here's an even better one: When was the last time a politician promised you lower taxes and you *believed* it?

Now here's our favourite: When was the last time you *paid* lower taxes?

You probably can't even remember.

Taxes levied by all three levels of government have risen steadily year by year for the last thirty years, as politicians have conscripted more and more of our personal income --- and personal *choice*. Now they're taking more than 50% of the average working man's pay, *not counting* some of the *hidden* taxes like inflation, artificially-high interest rates, and the cost to businesses of complying with regulations, which is always passed on to the consumer.

When will it end?

It will end when people start fighting back. And one of the best ways of fighting back is to support **Freedom Party**.

Every economic policy initiative of **Freedom Party** is aimed at lowering taxes and increasing personal choice and individual freedom. It is the only party that will *consistently* vote against any new type of government spending and work steadily to decrease existing spending.

Freedom Party considers that the level of taxation is a measure of the denial of our personal freedoms. We believe that *you* know how to spend *your* money better than *any* politician does, and that the *choice* of where your money goes should be yours.

Freedom Party

Freedom Party believes that the *purpose* of government is to *protect* our freedom of choice, *not* to restrict it.

If you want to make your own choices, rather than have those choices made *for* you by politicians who will promise you anything, then *choose* **Freedom Party**. After all, freedom of choice is what we're all about!
