

TAXATION and YOU

Here's an interesting question: When was the last time a politician promised you lower taxes?

Here's an even better one: When was the last time a politician promised you lower taxes and you believed it?

You probably can't even remember.

Taxes levied by all three levels of government have risen steadily year by year for the last four decades, as politicians have conscripted more and more of our personal income --- and personal choice.

Now they're taking more than 50% of the average working man's pay, not counting some of the hidden taxes like inflation, artificially-high interest rates, and the cost to businesses of complying with unnecessary regulations, which is always passed on to the consumer.

When will it end?

It will end when people start fighting back --- and one of the best ways of fighting back is to support **Freedom Party**.

Every economic policy initiative of **Freedom Party** is aimed at lowering taxes and increasing personal choice. It is the only party that will consistently vote against any new type of government spending and work steadily to decrease existing spending.

Already, through successful lobbying and information campaigns, we've saved Ontario taxpayers hundreds of millions of dollars. Our documented record of action against excessive taxation is a matter of record available to anyone on request.

Freedom Party

Freedom Party considers the level of taxation to be a measure of the denial of our personal freedoms. When we are forced to work more than half of the year just to support our governments, this is tantamount to slavery. We believe that individuals know how to spend their money better than any politician does, and that the choice of where their tax dollars go should belong to taxpayers themselves.

Freedom Party believes that the purpose of government is to protect individual freedom of choice, not to restrict it.

Freedom of choice is more than just a slogan; it's a responsibility that belongs to all of us.

As responsible citizens, taxpayers should have the right to direct their education taxes to the school(s) of their choice, their health-care taxes to the hospital(s)/doctor(s) of their choice, and their welfare taxes to the charitable organization(s) of their choice.

Without these choices, lower taxes are simply not possible. And without a principled political party supporting your right to choice, continually higher taxes are unavoidable.

If you want to make your own choices, rather than have those choices made for you by politicians who will promise you anything, then choose **Freedom Party**. After all, freedom of choice is what we're all about!
