

WHY FREEDOM PARTY?

Unlike the major political parties in Canada today, **Freedom Party** is dedicated to the advocacy of individual freedom, backed by a consistent (and unchangeable!) Statement of Principles.

Life without liberty is imprisonment, and true liberty cannot survive without the freedom of individuals to control their own lives and property. This freedom has been, and continues to be, seriously eroded by the policies of all parties currently sharing or controlling our various levels of government(s).

Using the threat of fines and imprisonment, governments controlled by other political parties threaten our economic survival by taxing us excessively, supporting inefficient monopolies, imposing destructive regulations, and by directly interfering in an otherwise free market.

They even attack our civil liberties.

They hide and disguise government information (and the effects of their policies) while forcing us to provide information about our personal affairs. All the major parties advocate the right of governments to expropriate our property and limit our freedom of speech.

You are a potential **Freedom Party** supporter if you believe, as its present members do:

(1) that each individual has the right to his or her own life, liberty, and property, and

(over)

Freedom Party

(2) that these rights should be adequately protected from fraud or physical force on the part of any individual or group, including any government.

In other words: Every individual, in the peaceful pursuit of personal fulfillment, has an absolute right to his or her own life, liberty, and property.

So if you've ever wondered **why** we adopt and advocate the various policies that we do, now you know. Plain and simple. Your life, your liberty, and your property belong to you --- and to no one else.

Freedom Party believes that the purpose of government is to protect individual freedom of choice, not to restrict it.

So the next time you hear a politician advocate the erosion of your right to your life, your liberty, or your property, remember **Freedom Party**. We're working for freedom, not against it.

After all, freedom of choice is what we're all about!
