

ABOUT FREEDOM PARTY

Since 1984, **Freedom Party of Ontario** ("FPO") has been an officially-registered Ontario political party.

FPO's objectives are:

- (a) to encourage voters to vote for FPO candidates in provincial elections and by-elections;
- (b) to influence government through the election of FPO members of the Ontario provincial Legislature, for the better protection in Ontario of every individual's life, liberty and property, and
- (c) to build and support the FPO as an organization of people who will work toward the achievement of objectives (a) and (b).

FPO's philosophy about how the government should make and enforce decisions and laws can be summed up briefly as a commitment to **reality, reason, self, and consent**.

By '**reality**', we mean that government decisions should be founded only upon facts and claims that are supported, ultimately, by physical evidence. By '**reason**', we mean that government decision making should be strictly logical, and should ignore claims, conclusions, or decisions founded upon intuition, majority whim, faith, uncertainty, or other non-rational means. By '**self**', we mean that government must respect your rational pursuit of your own happiness, and must not make you your neighbour's keeper. And by '**consent**', we mean that government must make and enforce laws that prevent anyone from taking your life, liberty, or property without your consent.

Freedom Party

If you support FPO's objectives or philosophy, FPO is for you!

If you like at least *some* of FPO's policies or election platforms, FPO is for you!

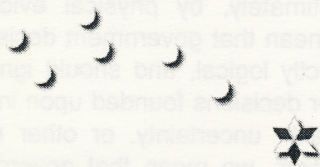

If you are an adult who believes that government should *treat* you as an adult, not treat you like a child, FPO is for you!

If you believe that the government should be *defending* you against the bad guys, instead of assisting the bad guys, FPO is for you!

To learn more about FPO and what it has proposed and advocated, **visit FPO's** large and continually growing **Freedom Archive**, where you will find TV appearances, radio broadcasts, news coverage, past election platforms and so much more over the period 1980 to present.
