Multiply?

...or

Divide?

A Message from Paul McKeever

Leader, Freedom Party of Ontario

"I firmly believe that the greatness of a society is determined not by its government's tendency to divide a single loaf of bread evenly, but by the efforts of its members to produce enough loaves for everyone."

"Individual choice, personal responsibility, dignity, prosperity and justice."

"That is Freedom Party's vision for Ontario."

Life. Liberty. Property.

WRONG: DIVIDE

Slow, Centralized, Rationed Health Care

No freedom to access the health care you need when you want it, where you want it, and from whom you want it.
Rationing, 'queues,' line-ups.

State Education

Government-set curriculum, teaching methods, and learning environment. Pay for the state education monopoly whether or not you have children.

Unreliable Electricity, Higher Cost

Fewer companies generating less electricity. Borrowing, rationing, rolling black-outs, brown-outs.

RIGHT: MULTIPLY

Fast, Nearby, Top-Quality Health Care

Freedom to access the health care you need, when you want it, where you want it, and from whom you want it.
No rationing, no 'queue,' no line-ups.

Choice in Education

Parental choice, including curriculum, teaching methods, and learning environment. Pay only for the school to which you choose to send your child.

Reliable Electricity, Lower Cost

More companies cleanly generating more electricity. No borrowing, no rationing, no rolling black-outs, no brown-outs.

the RATIONING mind vs...

The WRONG Direction gives politicians and bureaucrats more money, more power, and more control, while taking away each individual's right to make his or her own choices.

The WRONG Direction leads towards long hospital waiting lists, illiterate public school graduates, government waste, a bloated bureaucracy, high taxes, and laws that favour some at the expense of others.

the RATIONAL mind

The RIGHT Direction reduces the power of politicians and bureaucrats, while protecting the individual citizen's right to make his or her own personal and economic choices.

The RIGHT Direction leads towards freedom, not away from it: lower taxes, reduced government spending, and the protection of private property rights are the keys to a better economy and to a clean and safe environment.
