# Ontario's Political Tax Credits --- And Freedom Party

[1] *Freedom Party of Ontario* is an officially-registered Ontario political party and is regulated under Ontario's *Elections Finances Act*. This means that *Freedom Party* is authorized to issue *official tax receipts* for income tax purposes in Ontario.

[2] ANY INDIVIDUAL RESIDENT IN ONTARIO may contribute to an officially-registered Ontario political party and receive an official receipt for income tax purposes. You do not have to be a Canadian citizen, or be able to vote, to donate to an officially-registered political party. To qualify for the tax credit, Ontario residents need only provide their name and a mailing address in Ontario to which their OFFICIAL RECEIPTS for income tax purposes may be directed.

[3] Ontario political tax credits are not merely applied as deductions from INCOME. Political tax credits are applied DIRECTLY against the contributor's Ontario Income Taxes paid or payable, resulting in a DIRECT REFUND of up to 75% of the original full contribution to the party. (See sample tax credits for individuals, and calculation formula, on far right panel.)

[4] You do NOT have to become a Freedom Party MEMBER to contribute to Freedom Party or to qualify for the tax credit. Any financial contributor, whether MEMBER or SUPPORTER, will receive an official receipt for income tax purposes.

[5] UNIONS (with bargaining rights in Ontario) and CORPORATIONS (carrying on business in Ontario) also receive official receipts for contributions made to registered Ontario political parties. CORPORATIONS may claim up to \$19,950 for the purposes of a political tax credit in a particular year.

[6] PROVINCIAL political contributions do not affect FEDERAL political contributions or tax-credits in any way. That means you can support a FEDERAL political party AND a PROVINCIAL political party --- and be able to claim the full applicable tax-credits for BOTH.

[7] Contributors and their spouses may split each other's OFFICIAL RECEIPTS (where multiple contributions are made within a taxation year) in whatever way they wish. However, a single contribution (receipt) may not be split.

[8]. Unless otherwise requested, those who make multiple contributions to **Freedom Party** within the same fiscal year will be issued a single official receipt for the total amount of all contributions made within that year.

[9] Official Receipts may also be issued for non-cash CONTRIBUTIONS in the form of goods and services subject to pre-approval by the party's Chief Financial Officer.

[10] All officially-registered political parties and each of their Constituency Associations in Ontario must file AUDITED ANNUAL STATEMENTS of Income and Expenses as required under the *Elections Finances Act*. These statements are accompanied by copies of all *official receipts* issued by the political party or Constituency Association (CA) within the given fiscal period.

[11] Additionally, contributions made to officially registered party Constituency Associations (CAs), and to officially registered Candidates (during a campaign period), also qualify for official receipts (up to \$6650 per contributor, subject to a \$1330 limit per CA and/or candidate), but cannot be used to exceed the maximum tax credits allowed per contributor in a taxation year.

[12] 100% of Freedom Party's income is raised through voluntary contributions. Freedom Party receives no government grants, subsidies, or financing whatsoever. However, as an officially registered political party in Ontario, Freedom Party pays no taxes on income.
